

## **Position: .NET Web Developer**

The Training Associates (TTA) is a fast growing and financially strong company with professional management. We are the world's largest and oldest provider of trainers and trainer delivery solutions. We are currently looking for a **.NET Web Developer** interested in full-time employment to join our 60+ person home office on Route 9 in Westborough, MA. TTA prides itself on being a dynamic, friendly and EXCITING place to work.

### **Position Overview:**

This is a great opportunity for a **website designer/programmer** to join a 50 person successful and growing computer consulting company. If you have a basic knowledge of Visual Basic .NET Development Tools and Languages (intermediate preferred), as well as knowledge of today's most widely used servers and graphic programs (e.g. Adobe Photoshop 7.0+, SQL Server Enterprise, etc.) then we have the job for you!

### **Job Description:**

Responsibilities include but are not limited to:

#### **Programming:**

- Optimizing current processes and business logic as needed
- Page design and deployment
- Graphics development
- Bug Fixing
- Design Planning
- System Testing

#### **Minimum Requirements:**

#### **Development Languages: (Basic knowledge required, intermediate preferred)**

- Visual Basic .NET
- HTML
- SQL Server basics (tables, functions, stored procedures, database structures)
- Transactional SQL querying

#### **Interpersonal Skills:**

- Good attention to detail
- Positive attitude
- Flexibility and ability to prioritize
- Ability to multi-task
- Take initiative to resolve issues

- Demonstrate ability to balance technical understanding/ideas with others
- Understand marketing as it relates to web site and graphics
- Must be able to interact well with others and comfortable working as part of a team

**Other Assigned Tasks**

- Various tasks related to the development and design of business systems

**Basic Program Knowledge:**

- Visual Studio 2003/2005
- SQL Server Enterprise
- Adobe Photoshop 7.0+
- Microsoft Office 2003+
- Microsoft FrontPage
